

## “Stamps in the Mail University”

Take stamping classes without  
leaving your home!

Courtesy of Alison Solven,  
Stampin' Up! Demonstrator

Receive **stamps and accessories with everything pre-cut** and ready for you to stamp - **all in a monthly package in the mail...** You complete the projects on your own time and in your own home!

Each semester will run for three consecutive months. In the first month's class you will receive the featured stamp set and all the supplies you need to complete the first **four projects**. In each of the next two month's classes you will receive additional products and embellishments to complete four more projects each month. You will keep everything that you receive—stamps, ink pads & accessories. Directions and photos for the projects will be included with your supplies.

The cost of each monthly class is \$55 plus \$7 shipping/handling if applicable (waived if you pick up from me in New Westminster.)

The featured stamp set for our Summer Fun Semester is the **fabulous “Carte Postale”** from the **Spring - Summer Collection 2008 Catalogue!** Since this set will be retiring at the end of July this is your last chance to purchase it before it's gone forever.

**Sign up for Summer Fun Semester by July 9<sup>th</sup>**  
**1<sup>st</sup> month's goodies received by July 28<sup>th</sup>!**

**Don't worry if you already own some of the items in the kits – you will be given time and opportunity to make substitutions for products you already own.**

*Your class arrives at your door – anywhere in Canada!*
