

"Stamps in the Mail University"

Take stamping classes without leaving your home!

Courtesy of Alison Solven, Stampin' Up! Demonstrator

Your stamps and accessories arrive in a monthly package in the mail - everything pre-cut and ready for you to stamp! Open the box and complete the projects on your own time all in the comfort of your own home!

Each semester will run for three consecutive months. In the first month's class you will receive the featured stamp set (your choice) and all the supplies you need to complete the first **four projects**. In each of the next two month's classes you will receive additional products and embellishments to complete four more projects each month. You will keep everything that you receive—stamps, ink pads & accessories. Directions and photos for the projects will be included with your supplies and at the end of three months you will have 12 completed projects!

The cost of each monthly class is \$55 plus \$7 postage if applicable (you can pick up in New Westminster to waive the postage).

A Little Birdie Told Me – Page 49

The featured stamp set for my Spring Semester is your choice of either "Friends 24-7" or "A Little Birdie Told Me" both from the Spring-Summer Idea Book & Catalogue. Both offer tremendous versatility – I can't wait to share all the wonderful things you can do with either of these sets!

Sign up for Spring Semester by January 31st
Your 1st month's goodies received by February 27th!

Don't worry if you already own some of the items in the kits – you will be given time and opportunity to make substitutions for products you already own.

Your class arrives at your door – anywhere in Canada!
